In the lantern parade of the preceding week the prizes were awarded as follows: most colorful lantern, Dorothy Moore; best constructed lantern, Billy and Howard Kane; most unique lantern, Dorothy Abbott; largest lantern, Miles and Charles Klipscham.

There were 143 lanterns in the parade, which recruited from both playgrounds, stretched from the Community Playground to Forest Avenue. It is hoped to make the Lantern Fete an annual event on the playgrounds and to make it larger and more colorful with the advice and assistance of the parents.

Last Friday the children were transported to Shibe Park to witness the baseball game in cars donated by the following: Henry A. Smith, Mrs. Abbott, Mr. Lacey, Mrs. Smith, R. C. Hoffman, K. L. M. Pray, William Manion, Mrs. Mengis, Mr. Lewis, Dr. LeRoy A. King, William Esrey, Mr. Tyson.

Organization Plan Adopted By Recreation Board

At an enthusiastic meeting of the Narberth Recreation Board Wednesday night attended by all its members and by Burgess Henry A. Frye the plans for the Board's organization and method of procedure prepared by a special committee were unanimously approved. The plans will be submitted to the School Board and the Borough Council for their approval.

A Budget Committee, consisting of Mrs. F. W. Stites, William H. Fretz and Kenneth L. M. Prey, was appointed to work out the Board's budget and present it at the next meeting of the Board, which will be on October 4.

A resolution endorsing the work on the playgrounds this summer of Allan B. Weatherall, director of Physical Education and Recreation, and of his assistants, Misses Church, Thompson and Kulp, was unanimously adopted by the Board.

Attend Institute

Miss Frances B. Fricke, music teacher of the Narberth School, led the community singing at the opening exercises of the Montgomery County Teachers' Institute at Norristown on Tuesday afternoon. Principal George B. Wilson also attended the sessions, which were held throughout the week.

Suffers Burn From Live Wire Playing Under Bridge

Playing with some companions Sunday afternoon under the Narberth Avenue bridge, Ellis Wright, 12, son of Mr. and Mrs. Edward V. Wright, of 310 Chestnut Avenue, Narberth, was severely burned by a live wire when attempting to climb onto the bridge from underneath. The feed wires running close to the bank carry 44,000 volts each.

He was taken to the Bryn Mawr Hospital and treated for burns on his left side as well as a cut on his head. A report from the hospital Wednesday night gave his condition as improving and as virtually out of danger. It will probably be several days before he is released from the hospital, however.

New Store Added to Ardmore's North Side

American Stores Co. Open Their Largest at Montgomery and St. George's Road.

ARCHITECTURE UNIFORM

Another step in the growth of Ardmore's North Side shopping district is being made this week with the opening by the American Stores Company of their largest store in the Main Line section. It is located on Montgomery Avenue at the corner of St. George's Road.

The new store, which was opened for inspection yesterday, and opens for business today, was built by A. L. Fretz and Sons from plans prepared by Dreher and Churchman, architects. The owners and developers of the tract, Suburban Co., Inc., have maintained the same uniform architecture in this new building as marks the remainder of the development.

The rise of this new business district has been hastened by the location there of the Ardmore Post Office, the Bell Telephone Company and the Counties Title and Trust Company. A growing group of shops are now occupied and others are under consideration. The next to open will be a large store for the A. & P. Tea Company.

The new American store, large and well-lighted, will offer in a most convenient and attractive form a full stock of meats, groceries, fruits and vegetables.

Library Vacations Over, Staff Prepared For Fall

Vacation seasons for the library are over and the fall opens with prospects of greater activity and broader fields of service than the institution has yet known.

Miss Adele Aungst, of the regular staff, was the first to take her vacation, spending a week at State College, where in the future she will make her home, and in the middle of August tendered her resignation as assistant in the library. Her place during the last two weeks has been filled by Betty Needham, of Chestnut Avenue.

Miss Clara Follette, the Assistant Librarian, took her vacation in July, returning in time to assume full charge of the library while Miss Mary B. Church, the librarian, was enjoying her two weeks at Cape May.

Now that Miss Church is at home again and Miss Follette has finished the special courses at the University of Pennsylvania, which took so much of her time last winter, the work of the library will be reorganized and Miss Follette will give more of her time to it, working with Miss Church during the many hours when the circulation requires two persons at the desks, and relieving her for the dinner hour and when clerical work demands her attention.

This is an arrangement that the library trustees have been anticipating for some time, but the remarkable increase in circulation since February has necessitated beginning the new program immediately. The plan will enable the library to solve some of the problems of the congested hours at the delivery desk, and to revise the schedule for the very popular Story Hour for children.

To Hold Peach Festival

The annual peach festival by the Ladies' Aid Society of the Lutheran Church will be held Tuesday, September 10, from 6 until 9 P. M. All the members and the friends of the church are cordially invited to attend. Tickets at 35 cents will purchase ice cream, peaches and cake for an evening desert.

'Pussyfoot' Johnson to Speak in Boro

The 'New Turkey' to Be Subject of Talk by Famous Prohibitionist.

AT METHODIST CHURCH

William E. Johnson, better known as "Pussyfoot," will be in Narberth on Wednesday night and has been persuaded by one of his old cronies who lives in the borough to give a talk on the "New Turkey" at the Methodist Church. Mr. Johnson has just returned from an extended visit to India and points in the Near East.

There is probably no living American who knows and understands better than Mr. Johnson the great events that are transpiring in Turkey today. He has wide acquaintance with the leaders of that country and knows personally many of the leaders of the Moslem world. On a recent trip to Egypt the king accorded him an extended interview.

Any Narberth citizens who want to get a clear inside view into the troubles at Jerusalem and what is at the bottom of those troubles will do well to take an evening off and hear "Pussyfoot."

Adult Bible classes, brotherhoods, etc., in the various churches are interested in this meeting because they will hear a striking story of the transformation of the Moslem world.

Out of deference to his old crony Mr. Johnson will make no charge for his address. But at the conclusion a cash offering will be taken and turned over to him to help meet his traveling expenses.

As a messenger of good will this great newspaper correspondent and prohibitionist is widely known in nearly every nation under the sun. In English-speaking lands as well as among the North American Indians "Pussyfoot" is a household word.

Awarded Scholarship

The Pennsylvania Railroad announced on Friday the award of four scholarships offered for sons of employees.

One went to Thomas McCartan, 19, of Narberth, who receives a Frank Thomson Memorial Scholarship worth \$800 annually. McCartan will enroll at the School of Engineering of the University of Pennsylvania.

Narberth Divides Labor Day Twin Bill Climbing Second Consecutive Pennant

Down Brookline 11-4 For Flag in Morning Fray and Drop P. M. Contest to Berwyn on Errors; Mulligan Shines at Bat.

By John Uberti

The rampageous battle axes of the Davismen swung consistently in the inaugural event of the Labor Day double-header and carved out a neat 11-5 victory at the expense of the Brookline Club, tailenders of the circuit, to clinch the second straight Main Line League gonfalon and the twelfth since the formation of the league.

The second game, which had no bearing upon the title play-off, was lost to the Berwyn Club in the post-meridian contest, when the local batsmen failed to atone for two conspicuous transgressions. The score was 3-0.

The battering ram of the home champions splashed hits all over the field, and even two alien circuit blows could not budge the lead of the present king of the ball clubs along the Main Line section.

The home club was out for victory in this fracas and was aided by a few questionable decisions. John Mulligan got off to a fine start with the mace and succeeded in retaining a brilliant average of .750. Five teammates also finished with .500 for services at the pentagon.

Mulligan carried his bat to the plate five times, during which time he clicked a trio of singles, lofted to third in the first inning and went to first by means of a pass in the sixth. In addition to this, Johnny scored a run in the third, fifth and sixth frames. Burns, Fleck, Harris, Babb and Graham each batted for .500.

Township Schools to Open on Monday

Increased Enrollment Looked For at Junior and Senior High Schools.

TEACHERS ARE LISTED

Lower Merion Junior and Senior High Schools will open Monday morning with an enrollment which is expected to exceed last year's by well over a hundred students. The usual bus service will be in operation to transport pupils.

The Senior High is expecting an enrollment of 800, while 725 are expected at the Junior High.

Teachers have been busy organizing courses this week in addition to attending the institute at Norristown. A new shop for the teaching of auto mechanics will be opened in the Senior High this fall, in charge of Lyman Suloff, former instructor in mechanics and electricity at the Junior High.

The removal this year of the Narberth Eighth Grade to Lower Merion Junior High will add approximately sixty pupils to that school's enrollment.

Seventeen new teachers will be on duty at the high schools, while fifteen new instructors have been appointed to positions in the Lower Merion grade schools.

The complete list of teachers at the high schools, including the new appointments, follow:

Masters Supreme in One-to-Nothing Win

Outhurls 'Lefty' Holstein, Allowing Newtown Square Only Four Hits.

IS HIS SIXTH TRIUMPH

By John Uberti.

Walter Masters, University of Pennsylvania baseball and football star, and second ranking mound ace of the Narberth Ball Club, was at the peak of form last Saturday when he put to task his blinding curves to limit Newtown Square to four scanty hits for a rare 1-0 victory, his sixth of the year. Berwyn's victory over Brookline at Villanova postponed Narberth's endeavor to clinch the pennant.

Manager Johnny Smith, pilot of the Newtown Square Club, travelled far and wide in a sincere effort to procure a moundsman who could pit his pitching arm against the curve-ball expert of the borough pitching staff, and made a grave mistake when he refused to consider "Lefty" Grove, of Athletic fame, in lieu of "Lefty" Holstein, veteran of the minor leagues. It is believed that Grove might have given Walter keener opposition. Holstein, however, is a lad who needs no introduction to the baseball fans wherever he may be scheduled to perform. Greatly in demand by all ball clubs, "Lefty," unlike most pitchers, is a boxman without a home, so to speak. One day he will be seen garbed in Harrowgate dress, giving the strong Wentz-Olney team a one-hit defeat, while the next he will be seen in Wentz-Olney uniform vanquishing Harrowgate.

And so "Lefty" Holstein, the knight errant of baseball, wanders about giving his services to the highest bidding team.

If Manager Smith had retained Schofield and bought a pair of sun glasses for his right fielder, Narberth and Newtown Square might have continued the exhausting hurling grind for nine more innings. Only four rival men faced Masters in the first inning, as Holstein blanked Mulligan and Fleck in the home-half, while Burns popped to Di Shula in between.

The Davismen won the game in the second inning when the right fielder, blinded by a glaring sun, allowed Babb's aerial to drop unmolested. Gilfillan grounded out to Bowman, who made an accurate relay to first, and Masters struck out. Babb raised an outfield fly between first and second, from which Demaura made a game attempt to glove, but was forced to yield to the sun's potency, allowing the ball to fall untouched. Martin tapped a single to right for the first Narberth hit and Curwin slanted another to left field, Babb scoring from the keystone. Thomas was the fourth local man to surrender to Holstein's dazzling fast ball.

Give Suicide Verdict

Death caused by gas poisoning with suicidal intent was the verdict handed down by the jury at the inquest held at Norristown last Wednesday by Coroner George Huff on the case of Mary Frances Morgan, of Woodside Avenue, Narberth. The Coroner's inquest was the last step in investigation begun by Lower Merion police and completed by the County District Attorney's office.

Give Bus Schedule For L. M. Students

Seven Buses to Carry Narberth Pupils to Junior and Senior High Schools.

BEGINS ON MONDAY

Bus service schedule for Narberth pupils attending Lower Merion Senior and Junior High Schools has been worked out by Principal George H. Wilson and the Montgomery Bus Company. No bus tickets will be required at present, it was announced. The schedule, which will be in effect with the opening of school Monday, follows:

Senior High School.

Bus number one will leave Maple and Chestnut Avenues, Narberth, at 7:50 A. M. and will route through North Narberth Avenue, carrying all girls from the south side of the borough and from all sections north of North Narberth Avenue.

Bus number two will leave the same point at 8:10, carrying all boys from the south side and sections north of North Narberth Avenue.

Bus number three will leave Windsor and Narberth Avenues at 7:55, carrying all girls not assigned to bus number one.

Bus number four will leave the same point at 8:10 and route through Essex Avenue, carrying all boys not assigned to bus number two.

Junior High School.

Bus number five will leave Maple and Chestnut Avenues at 8:50, route through North Narberth Avenue, carrying all Junior High School girls from the south side and from the sections north of North Narberth Avenue.

Bus number six will leave Windsor and Narberth Avenues at 9 o'clock and route through Essex Avenue, carrying all Junior High School girls not assigned to bus number five.

Bus number seven will leave Maple and Chestnut Avenues at 9 o'clock and route through North Narberth Avenue, carrying all Junior High School boys.

Dr. E. S. Deubler Speaks of Work as Veterinary

An autobiography, one of the series of personal sketches given by members, formed the program Tuesday at the Bala-Cynwyd-Narberth Rotary Club. Dr. Ezra S. Deubler, charter member and past president of the club, was the speaker.

His talk was an inspiration in the building of a career against handicaps. Born on a farm in Susquehanna County, he spent his early years in school and farm work. Then seven years were spent as fireman and extra engineer on a small mountain railroad at the small wage prevailing in those days.

Despite promotions in the railroad work, Dr. Deubler fitted in a course at State College and won a scholarship to the Veterinary School at Penn. Then there followed work in a laboratory in cattle experimentation, management of an experimental farm and active veterinary practice, including the managing of a Florida dairy.

Since 1912 Dr. Deubler has been superintendent of the Penshurst Farms, near Narberth, owned by Percival Roberts, Jr. The farm has won many distinctions, among them being the honor of having the first tuberculosis-free herd in the State. Several world's champion Ayrshire cows have been developed. The farm and the estate to which it belongs have long been show places of this section.

Meet With Mrs. Reger

The Women's Foreign Missionary Society of the M. E. Church will meet with Mrs. Charles Reger, 842 Montgomery Avenue, on Monday afternoon, September 9, at 2:30 o'clock.

Drowns in Delaware

Merian Caroline Croasdale, 11-year-old daughter of Mr. and Mrs. R. Milton Croasdale, 131 Upland Terrace, Bala, was drowned in the Delaware River Tuesday near Yardley when she stepped from a rock into seven feet of water while swimming. She had been spending her vacation at the summer camp of her parents. Betty McGeorge, 10, of Cynwyd, her companion, summoned other bathers, but the body was not recovered until four hours later. Mrs. Caroline Supplee, the child's grandmother, was on the bank when she was drowned.

Funeral services will be held Friday at Morrisville.

Why You Should Own an
EVEREADY RADIO RECEIVER

TODAY you have the right to expect, in purchasing a radio set, quality of tone and appearance, sensitivity and selectivity—all at a reasonable price. Each of these desirable characteristics can be obtained in several makes of radio, but the Eveready Radio Receiver possesses all of these important requisites in the highest degree.

Your ear and eye can prove to your own satisfaction when a particular model sounds and looks well, but only the passage of time can conclusively demonstrate that any given set will wear well. Therefore, a radio set's ability to function satisfactorily over a period of time is the one thing for which you must take another's word.

Listen to an Eveready Radio Receiver—its fidelity of reproduction will convince your ear. Examine the cabinets of the different models and choose the design which best suits your individual taste. And then remember that National Carbon Company, the maker of Eveready Sets, has been an outstanding leader in its field for more than thirty years. Permanence is built into every part of an Eveready. This name is your guarantee that the highest standards of precision manufacture have been applied to the receiver you place in your home.

KNOW BEFORE YOU BUY

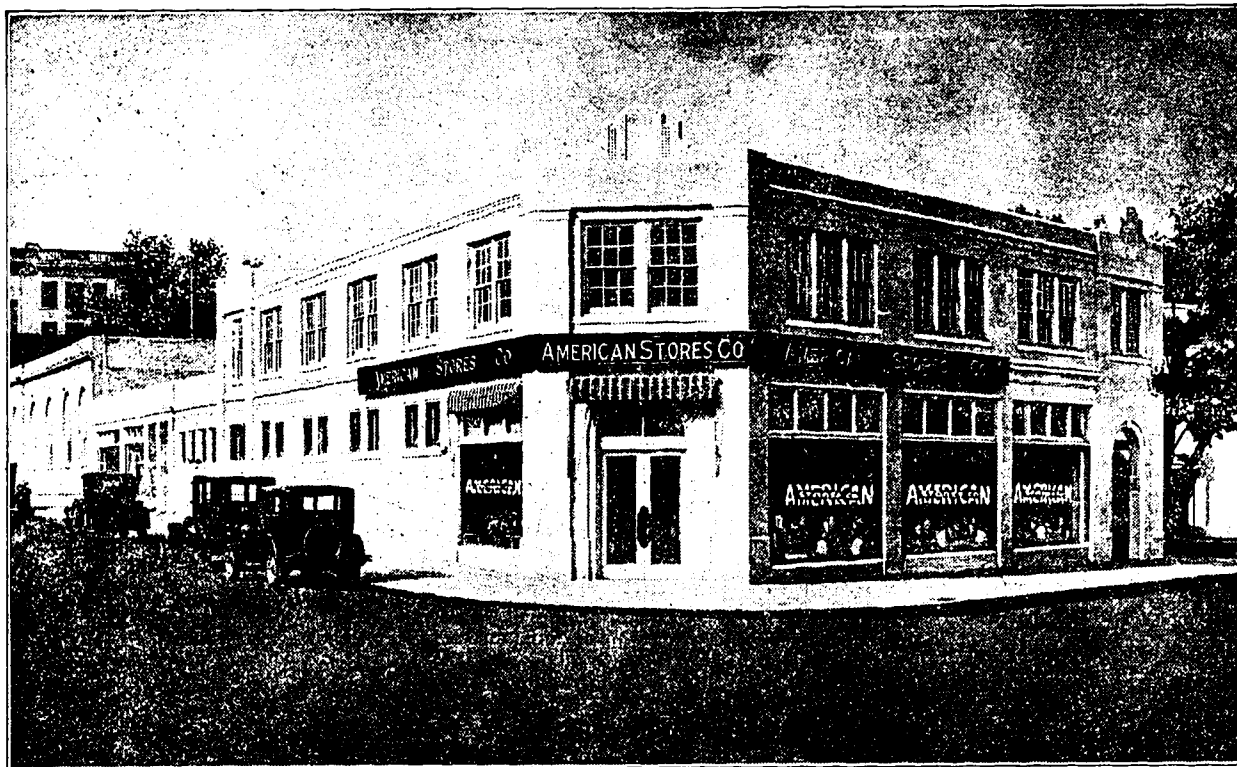

THE time is not far distant when the prospective coal customer will have several questions to ask his dealer before he signs up for a supply of fuel.

To wit: "How does your coal run in carbon content? I want to be assured of plenty of heat units. What is its percentage of ash? I can't have my back and disposition ruined shoveling out ashes."

We, as dealers in Jeddo-Highland Coal exclusively, are prepared to answer these questions *right now*. Chemical analysis has proved to us that our coal has much *hidden* value. *Know before you buy.*

UNCLE CY'S COLUMN

Drivers

After driving down from the Adirondacks from a visit to Aunt Cy, I am filled with an uncompromising disapproval of most motorists. Perhaps I had better explain that I detest driving before I address my remarks to some of the drivers I met on the way. Here is my hymn of hate:

To the Slow Driver

You are a so-and-so, a this-and-that, and then some. On a crowded national highway you dawdle along with your arm around your flapper friend, your "sweetie" or whatever you call her; you keep not too steadily to the middle of the road; a line of cars used for business-like transportation follow you, eager to make their destinations at scheduled times. You force them to pull to the extreme left-hand side of the road to pass you, which endangers traffic in both directions. Worse than that, you have your rear curtain pulled down so that lights are reflected in our eyes and so that we have no warning of cars approaching towards us. You roll serenely along oblivious of the menace which you and your car represents. If you were my son I should take you across my knee and remind you that there are other people in the world. As it is I should like to see you fined for reckless driving, obstructing the highways and as many other misdemeanors as the statute books allow. Take your girl home to a sofa or a hammock if you want her head on your shoulder or find a quiet country road where the horses and buggies may fall in line behind you and conform to your speed.

To the Cut-In Artist

Wow! You just missed my front left fender and you didn't miss it by much either. The speed limit along this road is forty miles per hour, and all of us are doing just about that. Why is it necessary for you to do sixty at the risk of life and property

to so many others? Have you a wife lying in a hospital waiting for you, or is your dear old mother dying? Before you reach your destination you will leave some one else's wife in a hospital or kill some other dear old mother. What would you do if another car appeared coming around one of these blind turns which you ignore and race around so casually. It would give me great pleasure to lay the cornerstone of your mausoleum.

To Blinding Lights

Why in the devil don't you turn down your lights, dim them or have them adjusted? Can't you be a gentleman and see that I turned mine down for you? Don't you realize that if any one were walking along the road ahead of me I shouldn't see him at all for a full minute after you had passed. I might run him down, even kill him, and yet the actual responsibility would be yours. As long as you are able to see the road you don't give a hang about the man coming in the other direction, and you will probably not improve much until some Mack truck driver selects a spot directly between your two dazzling headlights and heads for it. I hope that I shall be there to assist in the sweeping up of the remains. You will pursue me all night and destroy the peacefulness of my sleep.

To the Sane Driver

God bless you! You keep on your own side of the road, drive at the fastest legal pace, slow down and sound a modest toot at important crossroads; you observe the traffic signs. When you pass some one you do it in an easy manner without holding the centre of the highway for an indefinite period. When some one approaches from behind you pull over and slack for a moment out of courtesy; you turn down your light to aid an approaching car; you keep both hands on the wheel and both eyes on the road.

You are the salt of the earth and the salvation of the highway. You

are undoubtedly a gentleman, and I am sorry that there are so few like you.

How many agree with me that it is much pleasanter to take a holiday by boat or train, where the engineers, captains and others may take the responsibility

TO THE TAXPAYERS of the Borough of Narberth

Election will be held this Fall to fill the office of Tax Collector. As it is my intention to be a candidate for election to this office, I respectfully solicit your support and votes.

I have owned my home in the Borough and lived here for the past 21 years, during which time I have filled the offices of Borough Councilman, Borough Treasurer, and for the past two years as Tax Collector.

Collections have been brought up to date through efficient handling of this position. Hoping I may count on your support, I am,

Respectfully,

Edwin P. Dold.

Off to School

... in the safety and comfort of

Shoor-Treds

Happy are those tiny feet which know the safety and comfort of Shoor-Treds. They know no cramped toes, no aching arches, or the mental dullness that results from tired limbs. "Feet foremost" is the Shoor-Tred motto—foremost in foot-health, foremost in comfort, and foremost in good looks.

Even leaving aside the essential feature of foot-health in children's shoes, there is a hard-headed reason why Geuting's outfit more boys and girls than any other shoe store in the country. That hard-headed reason is the one that appeals to parents—money-saving. Not first cost saving, but the saving that comes with the "double wear" feature of Shoor-Tred shoes.

So before school opens, outfit your child with Geuting's shoes. Make your selection from the largest assortment, anywhere. Shoes for every occasion: school, dress, play, riding, dancing, and rainy day wear. If you will bring your children to us, we promise to develop in them the strong, healthy feet which normality demands, and which it is your children's right to have. Let us prove we can do it with good-looking, sensible shoes.
